INHUMAN TREATMENT BY FRENCH IS CHARGED

Berlin, May 25—Charges of brutal treatment to German prisoners of war in France are contained in a long narrative published today in The North German Gazette. It is based upon reports brought back to Germany by exchanged prisoners. Some of the principal allegations are:

1. Prisoners abused by mobs and by overofficious camp commanders.
2. Clothing sent from Germany withheld from prisoners, many of whom are in rags.
3. Poorest quality of food served.
4. Wounded prisoners forced to do manual labor.
5. Prisoners sent into the unhealthy swamps of North Africa and compelled to do the hardest kind of labor.

The North German Gazette denies that French prisoners were sent into the Russian swamps by German military commanders and compelled to labor there.

OH, WELL!

Columbus, Ohio, May 25—Hallstones measuring an inch in diameter fell during a severe electrical storm here this morning.

STOMACH TROUBLES QUICKLY CURED.

People go on suffering from little stomach troubles for years, and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tono-line Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tono-line Tabs sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears and the stomach is greatly aided in its work of digestion.

Tono-line Tablets

not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal.

For sale by J. Jas. Wood & Son.

METHODISTS ARE FOR CENTRALIZED MISSIONS

Saratoga Springs, N. Y., May 24—A more systematic supervision of the home mission field with the control centralized in one head is provided in a new plan for administration of this branch of the activity of the Methodist Episcopal Church which was adopted today by the general conference. Department superintendents will be in charge of special work in evangelism in the cities, rural communities and frontiers, and church extension.

Details of the plans will be agreed on tomorrow.

Now that the conference has decided to retain all the church magazines, the election of editors of the publications probably will be begun tomorrow. Meeting of delegates from the supervisory areas were held today for the purpose of recommending candidates. The conference decided 465 to 325 that it would be inadvisable to discontinue any of the periodicals of which there are a dozen or more.

Bishop Earl Cranston, of Washington, D. C., eighty-four years old, senior Bishop of the church, who retires this year under the age limit, presided over the conference for the last time today.

A resolution was adopted asking the enactment of a Sunday rest law for the District of Columbia.

TEST GASOLINE SUBSTITUTE

Winchester, Ky., May 25—In a test here today an attachment whereby the inventor, Asa Borrow, uses a cheap grade of coal oil instead of gasoline in automobiles, showed highly successful results. The test was witnessed by many auto experts sent here by manufacturing concerns.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuritis, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box R, South Bend, Ind.

MAYSVILLE'S CHURCHES

WHERE RELIGIOUS EXERCISES WILL BE HELD SUNDAY.

Stone Lick Baptist Church.

Preaching morning and evening. Every one cordially invited.

J. M. LITERAL, Pastor.

Christian Church

The morning services will be in the church. Let all the members of the Bible School be there on time. Mr. Yeuell will perform a chemical experiment "Turning water into wine."

In the morning church service the subject of Dr. Yeuell's sermon will be "That Little Grain of Sand."

The evening service will be in the Growers Warehouse, the sermon theme is "Beyond Pardon."

There will be special singing at these services. This church will continue in the Yeuell Meetings during next week.

A. F. STAHL, Minister.

First Baptist Church.

"Dew and Lion Religion," at 10:45 a. m. and "Life's Boomerangs," at 7:30 p. m. are the special subjects that the pastor will handle tomorrow. Good music at both hours.

Sunday School should be well attended at 9:30 tomorrow morning.

B. Y. P. U. meets at 6:20 p. m.

This is one of the coolest buildings in town and there will be plenty of palm leaf fans for all. Everything cool but the worship and the welcome. Everybody is invited.

H. B. WILHOYTE, Pastor.

Rev. W. H. Wilhoite delivers the annual memorial speech for the G. A. R.'s at 2:30 tomorrow.

Bad luck causes a man to take a mental inventory of his friends.

SCHOOL ALL THE YEAR ROUND

The all-year school of Newark, N. J., are commended in a special report by W. S. Deffenbaugh, Specialist in City School Administration of the Bureau of Education, Department of the Interior. Mr. Deffenbaugh finds that time is saved, street loafing is largely prevented, and health is conserved by eliminating the long summer vacation.

The children in Newark who have attended school for the past year or two on the all-year school plan speak enthusiastically of it. The Bureau investigator asked the pupils in the seventh and eighth grades to write compositions telling why they attended school during the summer. Nearly all the pupils stated that the schoolroom was much cooler than the streets and their rooms at home; that they were glad to have something to do besides running in the streets, and that they hoped to gain a grade or two by the time they were old enough for their work certificates. Parents who were interviewed favored the plan because their children were unable to get more schooling than otherwise. One parent said:

"If there were no summer schools we would not know where our children are. They would leave home early in the morning and run all over the city. Now we know that they are safe in the schoolhouse and in no danger of being run over by automobiles or street cars."

The attempt was made to find out how much time the children actually saved through the all-year schools. Of 271 pupils in the sixth, seventh, and eighth grades, 25 made no gain, 57 showed a gain of one-third of a year, 59 a gain of two-thirds of a year, 62 a gain of one year, and 53 a gain of one and one-third years.

It was found that the pupils in the all-year schools not only made more rapid progress through the grades, but maintained as good scholarship as the pupils in other schools. Many of the pupils were able to enter high school as a result of the time gained in the all-year school, and these pupils have had no difficulty in keeping up with their work. It is expected that many more pupils will now complete the elementary grades at 12 years of age, enter high school and attend for at least two years. Once in high school, they are likely to remain even after the compulsory age limit is passed.

One criticism that has been directed against the Newark all-year schools is that the pupils in these schools must do 10 months' work in 9 months in order to gain 3 months a year and thus complete the 8 grades in 5 years. It should be understood, however, that the regular 10 months' course has been modified so that a pupil may complete it in 9 months, and all non-essentials

have been omitted. Furthermore, less reviewing is needed in September for the children who have had only 2 weeks' vacation than for those who have had 2 months' vacation. The month that is usually taken at the beginning of the fall term to review pupils in the work of the preceding grade is not necessary for pupils who attend continuously or with only short vacations.

The small-town big man is great merely because his associates are so trivial.

HELPING PREPAREDNESS

Philadelphia, Pa., May 26—To help along the cause of preparedness by increasing the number of enlistments in the Army, Navy, and Marine Corps, surgeons at the Jefferson hospital, this city, have announced that they will remove, through minor operations, and without charge for their services, disqualifying defects in applicants that can be remedied by the use of the knife.

Many men are rejected at the recruiting station who might be saved to the service through a simple surgical operation, the Jefferson doctors have found.

Last week they removed enlarged tonsils from one and hammer toes from another rejected applicant of the United States Marine Corps, and both these men will be enlisted when the wounds heal.

He is a wise man who knows his opportunity when he sees it.
